

YOUTH WITH VISION

p r e s e n t s

Roll the Dice. Beat the Odds.

a fundraiser for Youth With Vision  
a local youth organization confronting alcohol  
and drug use in our schools and communities

Help us beat the odds  
in Kansas City!

Did you know ...

The average age of first time alcohol use  
in Missouri is 12 years old.

Every day, three teens die from drinking  
and driving.

Each day in the US, approximately 4,000  
young people between the ages of 12  
and 17 initiate cigarette smoking.

Tuesday, November 17, 2009

Gladstone Community Center  
6901 N Holmes, Gladstone, Missouri

YOUTH WITH VISION

Created in 1994, Youth With Vision is a student led organization made up of high school leaders from throughout Clay, Platte and Ray counties in the Kansas City metropolitan area. These youth are committed to fighting the devastating effects of alcohol and drug abuse in their schools and communities.

Youth With Vision benefits not only members, but also local schools and communities. Members receive extensive substance abuse prevention training. They learn to work with the media and with elected officials and they often become the catalysts behind successful community and school-based prevention programs.
